Purposes and Procedures

The purpose of the Recruitment and Outreach Committee is to create plans and set goals to recruit, and support the retention and graduation of, quality students while ensuring that recruitment materials and presentations accurately represent the College of Education and Mississippi State University's practices and policies. The members serve as liaisons to ensure that representation is available for various recruitment events.

The Recruitment and Outreach Committee consists of undergraduate and graduate faculty and staff from departments/units in the College of Education.

The primary responsibilities of committee members are to examine enrollment data and identify trends across the College of Education, update the committee on any changes to program offerings, discuss strategies to improve enrollment in the college, and attend (or secure a replacement) various recruitment events.
