Purposes and Procedures

The College of Education Research Committee provides guidance to the Dean and Associate Dean for Research on promoting short-range and long-range goals related to increasing research collaboration with other colleges and increasing sponsored and non-sponsored research. The committee helps plan and organize research events, helps increase professional development activities in the area of research, develops collaborative research teams centered around established “niche” areas, promotes individual faculty research and collaborative research projects within the College, and otherwise fosters or promotes COE research activities, including the development and

“Changing Tomorrow Through Education Today”

upkeep of a research webpage.

Membership

Membership of the Research Committee is comprised of two appointed representatives from each academic department, including the Division of Education (Meridian), and the Associate Dean for Research. Members from the academic departments must hold the rank of assistant professor/assistant clinical/teaching professor or above.

Each member of the Research Committee serves a period of two years. A member is appointed for no more than two consecutive terms. Members are appointed by the Dean and Associate Dean for Research in consultation with each respective department head as appropriate. The appointments are made during the spring semester, with membership to become official in August of the forthcoming academic year.
