4. **PRACTICE** - Educational professionals must have a rich repertoire of research-based strategies for instruction, assessment, and the use of technologies. 1 Lecture outlines for each chapter are located under the Lectures tab on the myCourses site.

2 Prompts for the Discussion Board are located under the Discussion Board tab. You are required to post at least 15 meaningful comments to the Discussion Board throughout the semester.

3 Information about each project is located under the Assignments tab. Please also submit the assignments as attachments there. Assignments will be accepted late, but five (5) points may be deducted from the grade for each day the assignment is late. You may turn in assignments early, but I will grade them after the due date has passed.

4 Each quiz will consist of multiple-choice and true/false questions related to the materials you have read. After all students complete each quiz, I will review the class performance on each question and will provide remedial instruction for the questions that many students missed. You will have three hours to complete each quiz. You will not be allowed to make up a missed test. You will be allowed to substitute your grade on the final exam for one quiz if the final exam grade is higher; if you miss a quiz, the final exam will replace that grade. If you miss more than one quiz, you will get a zero for the other missed quizzes.
