College of Education Conceptual Framework:

The faculty in the College of Education at Mississippi State University are committed to assuring the success of students and graduates by providing superior learning opportunities that are continually improved as society, schools, and technology change. The organizing theme for the conceptual framework for the College of Education at Mississippi State University is educational professionals - dedicated to continual improvement of all students’ educational experiences. The beliefs that guide program development are as follows:

1. KNOWLEDGE - Educational professionals must have a deep understanding of the organizing concepts, processes, and attitudes that comprise their chosen disciplinary knowledge base, the pedagogical knowledge base, and the pedagogical content knowledge base. They must also know how to complement these knowledge bases with the appropriate use of technology.

2. COLLABORATION - Educational professionals must continually seek opportunities to work together, learn from one another, forge partnerships, and assume positions of responsibility.

3. REFLECTION - Educational professionals must be willing to assess their own strengths and weaknesses through reflection. They must also possess the skills, behaviors, and attitudes necessary to learn, change, and grow as life-long learners.

4. PRACTICE - Educational professionals must have a rich repertoire of research-based strategies for instruction, assessment, and the use of technologies. They must be able to focus that array of skills on promoting authentic learning by all students or clients, while exhibiting an appreciation and commitment to the value and role of diversity.
Course Objectives:

Upon completion of this course, students will be able to:

1. Identify technology-funding resources related to grants that can be used to implement and significantly improve the technology programs in their schools and school districts. (CFPO #3, #13, and #14)

2. Develop skill in researching grant funding opportunities for technology teachers and administrators. (CFPO #3, #5, #7, #9, and #13)

3. Identify grant funding opportunities that can be used to support teachers in integrating technology into their classroom instruction. (CFPO #3, #5, #7, #9, and #10)

4. Examine the stages of researching and writing a grant proposal for technology funding: to define the problem, analyze the audience, research the solution, and develop the fundamental components of the grant proposal, including the grant proposal purpose, goals and measurable objectives, role of principle investigator, and other project participants, assessment procedures, timeline, project start and end dates, and applicant’s credentials). (CFPO #3, #13, and #14)

5. Demonstrate the ability to plan; demonstrate the ability to draft; and demonstrate the ability to revise each section of a technology grant proposal, including a proposal narrative specifying the need statement, goals, objectives, and methods; the monitoring, reporting, and evaluation plans; the budget and budget narrative; and other sections constituting a complete grant proposal package. (CFPO #5, #7, #8, #9, and #13.

6. Develop a complete grant proposal for technology funding and submit it to a funding agency. (CFPO #3, #4, #7, #11, #12, #13, and #14; InTASC Standards #5,#6, #7, #8, #9, and #10)

Description of Instruction:

*(Campus 1 and 5)* Lecture. Students will be exposed to interactive lectures, class discussion, individual projects, group activities and project presentations during this course. Student participation will play a large part in the success of instructional delivery herein. Campus 5 lectures will take place via Canvas.

Honor Code:

*(Campus 1 & 5)* The honor code states: "As a Mississippi State University student I will conduct myself with honor and integrity at all times. I will not lie, cheat, or steal, nor will I accept the actions of those who do." This is especially important in online courses. For example, cheating on quizzes and resubmitting files from other courses will not be tolerated.

Upon accepting admission to Mississippi State University, a student immediately assumes a commitment to uphold the honor code, to accept responsibility for learning, and to follow the philosophy and rules of the honor code. Ignorance of the rules does not exclude any member of the MSU community from the requirements or consequences of the honor code. For additional information please visit [http://www.honorcode.msstate.edu](http://www.honorcode.msstate.edu).

*(Campus 5 specifically)* At the beginning of the semester, students will read the Honor Code and agree to follow the Honor Code.
Technology:

Learning materials and student grades will be posted to the MSU CANVAS. Students will submit assignments to CANVAS. Additionally, students will use various application software programs to prepare materials for the course requirements, including proposals and projects. They will use the Internet along with other technologies and database systems in the preparation of collecting data and developing presentations.
